4) Make sure your pop-up blockers are disabled and you have no other video meetings open. A new tab in your browser will open and you will be in the sesion! You and your mentor will be able to use camera/audio (top left corner), chat box (right hand side), and the shared screen to look at an essay/piece of writing (center).

5) Once in session, you and your mentor can talk as you usually do. Everything you do in the online session will be saved (except video and audio). Feel free to return to the session at any time without your mentor present.
